A state or federal fireworks/explosives license is required for all firing system purchases.

WIRELESS

FIRING SYSTEMS

BP103

BP103 - 12 Cue Advanced Wireless Firing System

Built for professionals and serious enthusiasts, this firing system features a built-in sequencer with adjustable delay and a rechargeable battery pack! Individual firing, sequential firing and the "fire all" modes can be controlled by a single remote control with a range of over 500 feet. Multiple BP103 field modules can be easily programmed to fire simultaneously using a single remote. This system also includes a "test" feature and the ability to run off 10 AA batteries or AC power in addition to the rechargeable battery. **Price:** \$157.75 Each

All of Our Firing Systems Feature
REDUNDANT SAFETY FEATURES
To Prevent Accidental Firing!

BP102 - 12 Cue Wireless Firing System

When looking at price vs. performance this system can't be outdone! The BP102 is capable of firing 12 individual cues at a range of over 500 feet and multiple BP102 field modules can be easily programmed to fire simultaneously using a single remote. This system also includes a "test" feature and the ability to run off of 9 AA batteries or AC power.

Price: \$109.95 Each

BP102

BP100 - Single Cue Wireless Firing System

The design of the BP100 makes it perfect for the unique demands of theatrical, stage and close proximity pyrotechnics! Multiple BP100 field modules can be easily programmed to fire simultaneously using a single remote and it's 500 foot range makes it a versatile device. This system also includes a "test" feature and runs off a single 23A battery.

Price: \$21.95 Each

BP100

BP101

BP101 - 4 Cue Wireless Firing System

An excellent entry level firing system, the BP101 is equipped with 4 cues that can be fired individually, simultaneously or sequentially with a .05 second delay. The BP101 will operate at a range of 500 feet and multiple field modules can be easily programmed to fire simultaneously using a single remote. This system also includes a "test" feature and the ability to run off of 6 AA batteries, 2 - 9 volt batteries or AC power. **Price:** \$61.50 Each

Note: The range on all of our transmitters will vary greatly depending on your line of sight to the field module. For best results, always maintain a clear line of sight with the field module before firing.

9G01 How It Happens at the Fireworks Factory

What's more all-American than good old-fashioned Fourth of July fireworks? Like other cultural favorites such as baseball and apple pie, the booms, crashes, and brilliant colors of a pyrotechnics show can fill anyone with a sense of childlike wonder. Come along and watch how skilled technicians craft fireworks, choreograph a show, and then put on a fabulous display.
